Some time ago he lost his eyesight, and was often seen on the streets of Maysville being led by a little girl.

Manager Tom Russell has been quite busy the past few days. Since having the biggest paying house at the Washington Theater Friday night, he has booked and canceled two shows for the coming week, by long distance telephone and telegraph. However, we are sure to have at least one good attraction at the Opera-house this week. See THE LEDGER for announcement.

MRS. MARGARET SPENCER.

Mrs. Margaret Spencer, after an illness of nine months, died at her home in Cincinnati yesterday morning.

She was formerly a resident of this city, and left seven children, three daughters—Mrs. Sadie Hughes, Mrs. Emma Sons and Mrs. Pearl Blythe of this city, and four sons—Frank, Clarence, Will and Henry Spencer.

Her remains will be interred this afternoon in Spring Grove Cemetery, Cincinnati.

BURNED TO DEATH

Aged Lady Could Not Be Gotten Out of Burning House

Early yesterday morning Mr. Mason High, who resides at Paa Ridge near Garmentown, awoke to find his home in flames.

The house was a substantial two-story brick, and so great was the headway of the flames when discovered that he barely had time to get his wife and children out before the entire center of the place was a mass of fire.

His mother, aged 79, an invalid, occupied rooms on the second floor, and although Mr. High made strenuous efforts to rescue her, badly injuring himself in his endeavors, the aged lady was burned to death.

Mr. High lost everything in the house. The loss will amount to about \$3,000, with little insurance.

How the fire started is a mystery.

SETTLEMENT DEFERRED

There's Another Hitch in the Assignment of Mr. Hitch

The friends of Mr. C. H. Hitch will regret to learn that he has been unable to effect a settlement with his creditors.

It was thought that an arrangement had been made with Messrs. Tomlin & Co. to take the stock of goods at a price that would pay the creditors a handsome dividend; but this proposed sale was conditioned on the purchasers obtaining the stock of goods intact within ten days from the assignment.

In the meanwhile the firm of Lowry & Gobel of Cincinnati instituted proceedings in the Mason Circuit Court and depleted the stock of goods, besides entailing litigation, and thus complicated the situation.

Messrs. Lyon Brothers of Chicago and other of the creditors who were heartily in favor of the first proposition, on learning of the preference thus obtained by Messrs. Lowry & Gobel, became dissatisfied, and have, through their Attorneys, Messrs. A. B. & A. D. Cole, filed a petition to settle the estate in the United States District Court.

It is hoped that even yet matters may be adjusted on an equitable basis and to the satisfaction of all concerned.

Bargains in Watches at McCarthy's.

R. L. Moore and A. B. Jarvis, independent tobacco bundlers, with plants at Marion, have withdrawn from the market following the receipt of anonymous letters warning them that their plants would be destroyed if they continued in business.

A number of Republican leaders met in conference at Henderson Thursday relative to whose cause they would espouse for the gubernatorial nomination. They favored Justice J. M. Harlan, with W. O. Bradley as second and A. E. Willson as third choice.

Mrs. W. A. Manning, who has been quite ill, is much improved.

E. M. Roberts of Ashtand has been adjudged an involuntary bankrupt in the Federal Court at Covington.

Mr. Younger Alexander, formerly of Brooks' ville, is one of the incorporators of the South Ashtand Land Company, which has just been incorporated at Lexington with \$10,000 capital stock.

By the decision of Special Judge W. D. Herria, in the disbarment proceedings against Judge W. M. Beckner, he is suspended from the practice of law for two years. An appeal will be taken. The decision caused surprise in Winchester, the home of Judge Beckner.

Ray's Cough Syrup will cure any cough or money refunded. 25 cents.

The repeated mention of Associate Justice JOHN M. HARLAN of the Supreme Court of the United States as a possible Republican candidate for Governor of Kentucky has finally called forth a definite statement from him on the subject. This statement took the form of a letter from Mr. HARLAN to his friend and former partner, AUGUSTUS E. WILLSON of Louisville, and came at a time when it was apparent that the movement was spreading and gaining serious attention among the friends of the Associate Justice.

Not only has Justice HARLAN been personally importuned by a great many to make the race, but a large number of newspapers, not only in Kentucky, but throughout the country have published articles giving weight to the consideration of his name.

The amenities due Justice HARLAN's position on the Supreme Bench evidently prevented a direct statement to the newspapers, but the letter to Mr. WILLSON is sufficiently emphatic to leave no room for doubt that he does not desire to be considered as a candidate.

The letter is as follows:

WASHINGTON, D. C., December 5th, 1906.

"Dear Willson: The talk in Kentucky about my becoming a candidate for Governor embarrasses me no little, although the numerous and cordial expressions of goodwill and confidence which have come to me from persons of my old home, of different political faiths, are, on every account, most gratifying. They are very highly prized.

"Of course, it should be deemed a great honor to be Governor of a state which has given to the country LINCOLN, CLAY, CRITTENDEN and many others, in all the ranks of life, who have rendered distinguished public

services. Particularly, it would be a pleasure to once again traverse the old Commonwealth and look into the faces of the people who have been very kind to me and for whom I naturally have the greatest affection. But I must forego the honor which partial friends desire to bestow upon me. To give no other reason, a conclusive one for this course is that a canvass of the state, according to the Kentucky fashion, and (if elected) the discharge of the duties of the office of Governor for four years would, I fear, too severely tax the strength and vitality of one who, although now in the enjoyment of excellent health, will, if he lives until the first day of next June, be seventy-four years of age. Please, therefore, as opportunity may be presented, inform my Kentucky friends that they must not think of me in connection with political station. I feel grateful for the pleasant things they say of me, but it is impossible to meet their wishes in this matter. Sincerely yours,

"JOHN M. HARLAN."

At Murdo, South Dakota, Artesian well diggers brought up a four-pound toad from a depth of 346 feet. The drill was working slowly through a clay drift when it was brought to the surface. No one believed the toad was alive, but after being in the cool air the reptile revived. What a magnificent Juryman that old fellow would make.

KENTUCKY secured representation at the Louisiana Purchase Exposition mainly through a campaign of private "begging;" and she has now entered upon a similar work in order to make a showing at the Jamestown Exposition. This is not, to say the least, very creditable to the Kentucky Legislature, which is notoriously liberal with the people's money when it comes to paying Judge CANTRELL \$5,000 a year for doing nothing, and voting \$20,000 for a monument to a murderer.

STREETS PAVED

Maysville Now Has Brick Streets of Which She is Proud

On last Friday the finishing touches were put to Second and Third streets, which gave to Maysville two of the finest brick-paved streets in the world.

We are now an up-to-date city in this respect, and are proud of the work done, although Engineer Sanborn lost a good hat by not having the work finished on December 1st. He has our sympathy as well as our thanks.

Following is a succinct and concise statement as to how this was all brought about:

On March 5th, Mr. T. M. Russell, seconded by Dr. Allen Dodson, moved that a special Committee, composed of the Ways and Means and the balance of the Council, with the Mayor and City Attorney added, be appointed to devise means for better streets.

During the following week that Committee was called together, all members being present, the Mayor presiding, and on motion of Mr. Dodson, a Committee was appointed to investigate streets in other cities, the Mayor appointing Messrs. T. M. Russell, J. A. Dodson and J. W. Eitel.

On Sunday, March 8th, the above named Committee, accompanied by Mr. J. W. Lee, as Chairman of the Ways and Means Committee, started for Charleston, where, on Monday they inspected the streets and got valuable data from the Mayor and Council of that city. On Tuesday, they went to Gallipolis; on Wednesday they were in Huntington and Thursday at Ashland and Catlettsburg.

The Committee returned home on Friday and had Council called together on Monday, March 26th, when they reported the cities they had visited, and recommended that ordinances be drawn up for the original construction by paving with vitrified blocks Third street from the West margin of Wall to the East margin of Bridge, and Second street from the West margin of Wall to the East margin of Market.

The report of the Committee was unanimously adopted.

On motion of Mr. Short, the Committee that investigated brick streets was appointed as a Committee styled, "the Street Paving Committee."

At the regular session of Council April 2d, the Street Paving Committee presented a reso-

lution to employ Mr. John H. Sanborn of Huntington, W. Va., as Chief Engineer and Mr. Oliver S. Hord as Assistant Engineer. Said resolution was adopted by a vote of 10 to 2.

On April 3d, the Committee met and elected Mr. T. M. Russell Chairman and J. Allen Dodson Secretary.

City Attorney Wood, together with the assistance of Messrs. Worthington & Cochran and the Mayor and the Committee, prepared the ordinance, and Mr. Sanborn the specifications, the whole working very early all of their time, so that on April 10th it was completed and Council was called together, when it was presented by Messrs. Dodson and Russell and put on its first reading, same being received by a unanimous vote.

On April 26th, Council was called together and the ordinance put on its final reading and again adopted by a unanimous vote.

On May 21st, at a called meeting of Council, Messrs. Henkle & Sullivan of Cincinnati being the lowest bidders were awarded the contract.

On May 30th Mr. Leo Henkle arrived in town to take charge of the work, bringing his teams and men by steamer Courier. That afternoon, in the presence of the Committee and a good crowd of onlookers, Dr. Dodson shouldered a pick and broke the first ground. The Woggle was then put into commission to root, and by nightfall the work in West Third street was well under way.

The manner in which Messrs. Henkle & Sullivan pushed the work is a matter fresh in the minds of the people, especially those in Third street, the Committee several times reporting same to Council, until on October 15th, when, after being in consultation with Messrs. Henkle & Sullivan and their Attorney, Mr. Dolle of Cincinnati and Salter & Slattery, the patience of the whole Committee was exhausted, they had Council called together and filed a report under Section 13 of the specifications as to taking charge of the work. The yea and nay vote was called. Messrs. Derach, Dodson, Dryden, Eitel, Fleming, Lee, Russell, Short and Walther voting yea, and Messrs. Clooney, Greenlee and Hunsicker voting nay, the Mayor declared the contract canceled, and under the specifications authorized Mr. John H. Sanborn, as Chief Engineer, to take charge of and complete the work. Mr. Hord, in the meantime, resigning as Engineer, the same being accepted October 1st, 1906.

Messrs. Henkle & Sullivan, from the 30th day of May to the 17th day of October, laid complete 7,465 square yards of paving; the Committee, in completing Third street, laid 4,785;

making a total in Third street of 12,250 square yards. The Committee also, from the 17th day of October, laid and completed in Second street 4,745 square yards, making a total amount of yardage laid by the Committee after they took charge of 9,530.

Messrs. Henkle & Sullivan completed two-fifths of the paving in four months and seventeen days, while the Committee completed three-fifths of the paving in one month and nineteen days under the supervision of Engineer Sanborn.

It is reasonably certain that the Committee has made money for the contractors in Second street.

The merchants in Second street should congratulate themselves that the Committee did take charge of the work, as the inconvenience occasioned them was practically nil in comparison with the inconvenience occasioned the merchants and residents of Third street.

Too much credit cannot be given Engineer Sanborn and his assistants, the members of the Street Paving Committee.

The exact financial data of the expenditures and cost of the work will be published hereafter.

The gentlemen who have had charge of the work for the city have been Messrs. John H. Sanborn, T. M. Russell, J. A. Dodson, J. W. Eitel and John Wesley Lee, who have been indefatigable in their efforts to give Maysville up-to-date paved streets, and we are assured by Mr. Sanborn that it is the best job of street paving in the Ohio Valley.

Remember, "honor to whom honor is due."

Council will meet tonight to accept the report and close this brief but interesting chapter of Maysville's past and energy.

On to the next improvement.

VINOL SETTLES

The Cod Liver Oil Question

No one will dispute the curative and strength creating value of cod liver oil. For centuries it has been recognized as the grandest of all healing and body-building agents for wasted human strength and vitality.

Yet, owing to the heavy, greasy oil which envelopes the medicinal elements, and which has no value either as a food or medicine, many patients weakened by disease cannot digest it either in its raw form or an emulsion, and others will not take it on account of its disagreeable odor and taste—consequently its value is lost.

Now, the process discovered by two eminent French chemists—Morgues and Gautier—should interest every person in Maysville, for all of the tonic, body-building and curative elements of cod liver oil are now separated from the greasy, useless oil, and given to the people in delicious Vinol. For this reason it is fast superseding old-fashioned cod liver oil and emulsions.

As a body-builder, strength-creator for old people, weak women, delicate children, and after sickness and nil pulmonary diseases, it is recommended by over 5,000 of the leading druggists of the United States as the best.

Your money back if it does not do all we claim.

NOTE—While we are sole agents for Vinol in Maysville, it is now for sale at the leading drug store in nearly every town and city in the country. Look for the Vinol agency in your town.

DECISION RENDERED

Opinion of Court of Appeals in Local Damage Suit

In affirming the suit of Jesse L. Hoffman v. the City of Maysville, following is the opinion handed down by Judge Barker—

First—Pleading Alternative Allegations—Defective Unless Both Are True.—The rule is, that where the facts in a petition are stated in the alternative with the allegation that one or the other is true, but the pleader does not know which is true, both of the alternative statements must present a cause of action. If one, even if true, fails to present a cause of action, the pleading is bad, and a demurrer to the petition should be sustained.

Second—Same.—In an action against a city the plaintiff alleged that he was injured by breaking through a defective sidewalk and falling into a pool of hot water, which the city permitted a private corporation to construct under the sidewalk, and which the city knew or by the exercise of ordinary diligence could have known was defective and dangerous, and by an amendment alleged that the pool of hot water had accumulated either under the sidewalk or at a point within the private property of the corporation; that one of these alternative allegations was true, but plaintiff did not know which was

true. Held, the original petition stated a cause of action against the city, but the amendment did not, and a demurrer to the petition as amended was properly sustained.

Third—Sidewalks—Drain Thereunder—Defect on Adjacent Private Property—Injury to Pedestrian—Liability of City.—Where a city permitted a private corporation to construct a drain under its sidewalk, which was covered with boards and earth up to the street line, which concealed the drain, the city was under no duty to inspect the drain within the line of the private property, and it cannot be held responsible for an injury accruing to one by reason of a defect in the drain before it reached the sidewalk, of which it did not have actual notice.

DEEDS, NOT WORDS.

Maysville People Have Absolute Proof of Deeds at Home.

It's not words, but deeds that prove true merit.

The deeds of Doan's Kidney Pills, For Maysville kidney sufferers, Have made their local reputation.

Proof lies in the testimony of Maysville people who have been cured to stay cured.

John Wallingford, living at the corner of Commerce and East Second streets, Maysville, Ky., says:

"I first procured Doan's Kidney Pills in 1899 at J. Jas. Wood & Son's Drugstore, and they stopped an attack of backache, one of many which had annoyed me for some time. My wife at that time gave for publication in our local papers a statement telling of the great benefit I had derived from Doan's Kidney Pills, and now, some five years later, I can say that the cure then effected has been complete and permanent. My back and kidneys have never given me the least cause for complaint. Mrs. Wallingford also appreciated the value of Doan's Kidney Pills from personal experience with them. She suffered most acutely with backache, especially at night, and Doan's Kidney Pills promptly and thoroughly cured her."
